- Realtime ChatApp built with typescript and Firebase ([github repo with live demo](#)).
 - Notes App built with React and Typescript ([github repo with live demo](#)).
 - Password generator built with react ([github repo with live demo](#)).
- ...More projects on my github

Work Experience

- **SW and Business Intelligence Developer**
CAE, Saint-Laurent, Quebec
 2024
 - Worked as a web developer on the Internal Tools team at CAE, where I developed and maintained internal web applications using React with TypeScript, Express, C# .NET, and MySQL, focusing on optimizing user workflows and enhancing tool functionality.
- **Web developer**
Edom Media, Montreal, Quebec
 2022-2024
 - Started [Edom Media](#) a digital agency offering a wide variety of web services, worked on and published websites mainly for businesses and had frequent meetings with clients to provide personalized solutions that meet their requirements as well as quotes and roadmaps for their projects.
