- Notes App built with React and Typescript (github repo with live demo)
- Password generator built with react (github repo with live demo)

  ...more projects on github

## Experience

- ### C# Software Developer Intern
  Genetec, Montreal, Quebec
  📅 2025
  - Worked on video streaming and archiving using C# and WPF. Focused on fixing bugs and developing new features while following established coding standards and documentation practices. Collaborated closely with the team and incorporated feedback to ensure high-quality maintainable code.

- ### SW and Business Intelligence Developer Intern
  CAE, Saint-Laurent, Quebec
  📅 2024
  - Worked as a web developer on the Internal Tools team at CAE, where I developed and maintained internal web applications using React with TypeScript, Express, C# .NET, and MySQL, focusing on optimizing user workflows and enhancing tool functionality.

- ### Web developer
  Edom Media, Montreal, Quebec
  📅 2022-2025
  - Cofounded **Edom Media** a digital agency offering a wide variety of web services, worked on and published websites mainly for businesses and had frequent meetings with clients to provide personalized solutions that meet their requirements as well as quotes and roadmaps for their projects.
